

LED Retrofit Solutions

BSL is currently seeking LED retrofit solutions for the following decorative luminaires (see below). If manufacturers are interested in submitting either a lamp replacement solution or retrofit kit solution please visit the Contractors/Vendors page of the Bureau's Website (<http://bsl.lacity.org/led-contractors-vendors.html>) and complete the following steps in order:

1. Click on the link for 'Minimum Requirements for Testing and Evaluation of LED Equipment' and confirm that your submittal meets the minimum requirements. *
2. Click on the link for 'LED Equipment Evaluation Procedures' to familiarize yourself with our testing procedures.

If your submittal satisfies all of the requirements above, fill out the form at the bottom of that page. Evaluations will include cost comparisons.

***NOTE: Warranties must be for 10 years, and Luminaire Efficacy must be at least 100 lm/W**

Globe Pendant

Post Top

Teardrop

Cylindrical /Semi-Spherical

Rectangular
